

# The Campaign For UC San Diego

At the University of California San Diego, challenging convention is our most cherished tradition. The Campaign for UC San Diego is a university-wide comprehensive fundraising effort to transform the student experience, our campus, and ultimately the way humanity approaches problems and develops solutions.

## UC San Diego Health

### Redefining Medicine

**UC San Diego is fresh. Barrier-breaking. Dynamic.**

Although our medical school and health system are only 50 years old — making us newcomers in the grand tradition of health care training and practice — we have used our youth to our advantage and set a course of unparalleled growth and achievement in research, education, and clinical care.

As we capitalize on our greatest assets, from our pioneering data capabilities and leading-edge research facilities to our innovative clinical trials and unique interdisciplinary partnerships, we are actively changing the way our society understands, treats, and influences the future of health care.

We are UC San Diego, and we are revolutionizing hope and healing on a global scale.

**We invite you to be a part of this revolution.**

9th in the nation  
for research funding

*(National Institutes of Health FY 2017)*
